Name: Flame Retardant Jacket	Code: 33273R	Flame Retardant
-------------------------------------	---------------------	------------------------

Description

Jacket in 100% Flame Retardant cotton fabric, weight 315 g/m². It features a chinese collar with Velcro to protect the neck. Concealed front zipper closure with flap and snap buttons; two side pockets and one chest pocket all with flaps and snap buttons, elastic cuffs.

The jacket shall be worn in combination with the bib-trousers or trousers.

- It features remarkable multi-protective properties and is able to guarantee a high level of comfort while maintaining softness, lightness and breathability.
- The complete range can be produced in orange and red colours.

Suitable for protecting the operator from accidental contact with minor flames, molten metal splashes, low values of convective and radiant heat, and accidental electric contact up to 100 V of short duration.

The product is designed and manufactured according to the Directive 89/686/EEC.
It is classified as PPE Cat.II.
