<b>Name: Carboflame Undershirt</b>	<b>Code: 35285</b>	<b>Heavy Carboflame</b>
------------------------------------	--------------------	-------------------------

### Description

Flame retardant and antistatic long-sleeve undershirt in functional fabric composed of 53% modacrylic, 43% cotton and 4% conductive fibre, 160 g/m<sup>2</sup>. Round neck collar with long sleeves.

The product is designed and manufactured according to the Directive 89/686/EEC.  
It is classified as PPE Cat. II.

This undershirt can be worn under electric arc protective clothing, as it responds in A.2 of IEC 61482-2, requiring that electric arc protective clothing can not be used with underclothings that can melt with the arc, for example polyamide, polyester and acrylic fibers.

Category <b>II</b>	Colours Blue	Available Sizes S-3XL
Quantity/Carton <b>20</b>	Important Information Keep in a cool dry place, far from heat sources and direct light. Make sure the garment is in good condition, undamaged and clean before use. Once you become aware of a damage, you should immediately replace it.	Recommended for Protective clothing to be worn along with normal clothing. Suitable against short-term contact with the flame, in the presence of low values of convective and radiant heat. The device allows the dissipation of electrostatic charges
