Name: Lava Over- glasses	Code: 41193	Safety Glasses
---------------------------------	--------------------	-----------------------

Description

Over- glasses with extendable, pivoted and height adjustable side arms. Featuring a side and upper protective part in anti-scratch polycarbonate, the over-spectacles offers protection even for heavy-duty activities.

Grey lens 5-2,5 1F: protects from the sunlight with no specific infrared protection. Light transmission from 17,8% to 29,1%. Suitable for continuous use. Impact-resistant lens (6 mm diameter steel ball at a speed of 45 m/s).

Overspectacles are suitable for protecting the prescription glasses. The width and the robustness of the lens make them suitable for heavy-duty activities as well.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 166.
It is classified as PPE Cat. II.

Category II	Colours Black	Available Sizes Unica
Quantity/Carton 144	Important Information The over-spectacles must be inspected frequently and replaced in case of worn out or damaged parts. Keep out from direct sunlight and abrasive substances.	Recommended for Suitable for heavy-duty activities.
Dexterity	EC Standards EN 166 CE Values:F	Storage and cleaning Clean the lens with warm soapy water and a soft cloth. The frames can be disinfected with a neutral detergent.
