<b>Name: Argon Scuro Safety Glasses</b>	<b>Code: 41337</b>	<b>Safety Glasses</b>
---	--------------------	-----------------------

Eyeglasses entirely made in smoky grey polycarbonate for use in environments with bright lighting with lining and foam padding that absorbs shock on impact and protects against fine particles and splashes.

Grey lens 5-2,5 1F: protects from the sunlight with no specific infrared protection. Light transmission from 8% to 17,8%. Suitable for continuous use.

Impact-resistant lens (6 mm diameter steel ball at a speed of 45 m/s).

Dark lens series includes eyeglasses specifically designed for environments with very bright lighting; their use is suitable for metal cutting activities and in presence of ovens.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 166.  
It is classified as PPE Cat. II.

Category <b>II</b>	Colours <b>Black</b>	Available Sizes <b>Unica</b>
Quantity/Carton <b>144</b>	Important Information The eyeglasses must be inspected frequently and replaced in case of worn out or damaged parts. Keep out from direct sunlight and abrasive substances.	Recommended for Environments with very bright lighting.
Dexterity	EC Standards EN 166 CE Values:F	Storage and cleaning Clean the lens with warm soapy water and a soft cloth. The frames can be disinfected with a neutral detergent.
