| <b>Name: FM4 Mask</b> | <b>Code: 45351</b> | <b>Powered Air-Purifying Tornado System - Scott</b> |
|-----------------------|--------------------|-----------------------------------------------------|

### Description

Full-face mask in accordance with EN 136 which provides the highest level of respiratory protection. Its novel hose connection brings the hose up over the wearer's shoulder, keeping the work area clear. The mask's sealing frame is in ultra-comfortable silicone that provides a virtually unlimited field of vision.

Minimum airflow: 140 l/m  
Assigned Protection Factor: 40  
Nominal Protection Factor: 2000  
Actual hood weight: 630 g  
Noise Level: <65 dB (A)  
Faceseal Material: Hypo-allergenic Silicone  
Visor Material: Silicone coated Polyurethane  
Hose Material: Polyurethane

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 12941.  
It is classified as PPE Cat. III.
