Name: Smoke Saver CF 15 Breathing Apparatus	Code: 45989	Escape Systems - Dräger
--	--------------------	--------------------------------

The Smoke Saver CF 15 constant flow emergency escape breathing apparatus (supplied with 3 liters tank 200 bar) allows safe, effective and uncomplicated escape from hazardous environments. The unit is activated automatically when the carrying bag is opened and the air flow cannot be interrupted until the tank is empty. The pressure regulator has a gauge and a clearly audible acoustic signal will sound when the air pressure in the tank is 50 bar. The Smoke Saver CF 15 is contained in an instantly recognizable high visibility orange carrying bag, easy to carry and in fire resistant material; inside the bag there is a flame resistant hood featuring a nose-mouth mask and a clear visor.
Total weight 5.2 kg.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 1146 CE and DIRECTIVE IMO/MED.
It is classified as PPE Cat. III.
